**Vision.**

ASANUK is a dynamic member driven organisation. It exists to provide a link with health service development in South Africa, and facilitate professional support for South African nurses working in the U.K.,

**Mission.**

ASANUK is a voluntary organisation for South African nurses in the U.K. It empowers and supports nurses through a pro-active member driven approach.

ASANUK mobilises South African nurses in the U.K. to engage in issues relating to health service provision and development in South Africa. It also enables them to share specific knowledge, information and advice with colleagues in South Africa.

To meet the needs of its members regarding, professional development and working conditions in the U.K., ASANUK enables its members to raise awareness of their needs, and access resources provided by relevant professional and trade union organisations.

**Aims:**

**The aims are to:-**

- Enable health services in South Africa to benefit from the knowledge, skills and participation of South African nurses who are in the U.K.
- Help South African Nurses in the U.K. achieve career goals.

**Objectives are to:-**

- Liaise, and work with relevant organisations in the U.K. to promote:
  - access to professional development.
  - access to advice and support on employment issues.
- Establish a working partnership with relevant organisations in South Africa and the UK, to facilitate :
  - contribution to healthcare policy and service development in South Africa.
  - the sharing of specialist clinical knowledge and information through, for example, joint seminars and exchange visits.
- Liaise with the Officer for Health at the South African High Commission, to promote an active link with the health services in South Africa.

**STRUCTURE:**

Membership is open to all South African Nurses in the U.K.(including those who have retired)
